WESTERN CANADA'S

Decidedly Encouraging From Every Standpoint.

GREAT HARVEST

Speaking of conditions generally in Cenada, the most egeouraging feature of the year, from a trade and financial standpoint, has been the bountiful harvest of the Northwest, where a greatly increased area under cultiva tion has given the highest average yleid in the history of the country. It is estimated that the grain crop of Manitoba, Saskatchewan and Alberta has a market value to the producers of approximately four hundred million dollars, in the use of which we may anticipate not only the liquidation of much indebtedness, but the stimuis

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass, prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinetta, Win.—I went to the doctor and he told me I went have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydin E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again.—Mrs. Pezo Bezunza, Marinette, Win.

Detroit, Mich.— When I first took Lydis E. Pinkham's Vegetable Compound I was so run down said I would have to undergo an operation. I could have to undergo an operation. I could havely walk without help so when I read shout the Vegetable Compound and what it had done for others I thought I would try it. I gut a bottle of Lydis E Pinkham's Vegetable Compound and a package of Lydis E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well.—Mrs. Thos. Dwyrm, 500 Milwankee Ave., East, Detroit, Mich.

Bellevue, Pa.—I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get with without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 30 years old and weigh 165 pounds. It will be the greatest pleasure to me if I can have the compounding to recommend it to any other suffering woman.—Miss Instant Profilement, 1923 Marchattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pink Med. Co. (confidential), Lynn, Mass. Your letter will be ope read and answered by a woman and held in strict confident
